... the one CPAP hose cover that makes life easier in a whole list of ways!

Tender Tubing is the one CPAP hose cover that combines the best features preferred by all CPAP users to make life easier. It not only insulates CPAP tubing to combat condensation problems, its tough-but-tender construction makes it a very pleasant bedside companion. Tender Tubing benefits include:

- Completely reversible:
  - plush fleece side is soft and warm; cool, smooth polyester side cuts bedding drag
- Fleece insulation also cuts tubing noise for sleep ease and environmental comfort
- A full-length, tough easy-glide zipper means struggle-free insertion of the CPAP hose, and ease in removing Tender Tubing for washing
- Fully machine washable and dryable at low-heat setting
- Hypo-allergenic

With Tender Tubing, you can finally stop sharing your bed with a cold, hard plastic hose!
